Board Member Chris Piland expressed concern about the amount of registered voters in comparison to the county's population. Kim Slaughter responded with concern as well and stated that is why we are paying close attention to the confirmation list maintenance being conducted by the Secretary of State's Election Division this year. The confirmation processes for this year as notified by the State are the following:

- No Contact
- Eric Cross State
- NCOA
- No activity for two general elections

List maintenance should address this issue, if not this will be something that will have to be taken up with the board. Mrs. Slaughter advised that she would keep the Board informed.

Spalding U Presentation:

- Our Staff worked tirelessly to ensure that a successful and enjoyable event was experienced by all Spalding U participants. I conducted a 35-minute presentation and then participants enjoyed a "behind the scenes" tour of the Voter Registration and Election processes and procedures within our facility. Kim Slaughter also thanked Chairman Ben Johnson for attending.

Logic & Accuracy Testing:

- We have completed Logic & Accuracy testing for Advance Voting and Election Day Precincts 1,2,3,5, and 6. The Board is welcome to come and watch.
