****Advance Voting Update for May 15, 2026****

Advance voting on Friday, May 15, 2026, experienced unforeseen technical difficulties involving the poll pad system. Election staff promptly identified the issue and initiated a full reboot of the poll pads to restore proper functionality.

As a result of this necessary reboot process, the number of operational poll pads was reduced during the day. Despite these challenges, election staff worked efficiently to utilize backup check-in procedures to ensure that voters were processed as quickly as possible.

Wait times remained minimal throughout the day, and operations ran normally. Every voter had the opportunity to cast their ballot and because staff worked efficiently, the Advance Voting polling location opened and closed at its normal advertised times, 9:00 a.m. until 5:00 p.m.

Election officials appreciate the patience and understanding of voters and commend the staff for their swift response and commitment to maintaining smooth and secure voting operations.

For additional information, please contact Elections Director, Kimberly Slaughter, at 770-467-4245.

A handwritten signature in blue ink, appearing to read "Kimberly Slaughter". The signature is stylized and includes a large, circular flourish at the beginning.
