Citizen Comments –

James Moore – Stated he was a poll watcher on both elections. Mr. Moore congratulated the office and poll workers on a superb job during the elections. He did want to point out that during the primary, towards the afternoon, there was bottleneaking due to no voter cards being available. He advised no one was sent away, but they were delayed. Suggested giving the precincts more voter cards that can be used only if they get backed up again.

Also, advised on the runoff, he went to all precincts. Advised that when he was at Precinct 2-Office of Elections, he saw approximately 15 people were turned away in an hour due to that not being their Election Day voting location getting it confused with that also being the location for Advanced Voting.

May 19, 2026 and June 16, 2026 Election update:

- Both elections were successful.
- Some wait time was incurred during the afternoon of the May 19th Election Day due to the length of the ballot and voters making decisions at the ballot box.
- June 16th Runoff Election Day experienced no wait time at all. This is an example of the difference between very lengthy ballots and shorter ballots.
- Moving forward, we will reevaluate precincts when there is a very lengthy ballot to be voted on by the voters.
- The biggest challenge/hurdle faced were the Poll Pads in both elections. We believe this was associated with the 26.3 and 26.4 IOS as this was the first time Poll Pads were divided approximately half and half between the IOS versions, more so in the May election.
- In May, most Poll Pads were behind in keeping up with the voter data flow but in checking the voter certificates to the generated report from EPulse, all information flowed to Elections and Voter Registration System (GARVIS) as expected.
- In June, Precincts 6 and 7 Poll Pads were not visible at all through EPulse; but all voters are accounted for through the balancing of the voter certificates to the GARVIS report. Next the GARVIS report will be balanced to the EPulse report.
- We received four complaints between both the May and June elections that were related to precinct consolidation.

Board and State Mandated Audits for the May and June Elections:

 - Solicitor General – Precinct 1 – Election Day
- May 19th, State Risk Limiting Audit
 - U. S. State Representative (Republican)

- June 16th, General Primary Runoff (Board Mandated)
 - Lt. Governor (Democratic and Republican)

 - Absentee By Mail (Batch 15)
 - Advanced Voting (Precinct 8)
- June 16th, General Primary Runoff (State Risk Limiting Audit)
 - Dice roll by State to be conducted the morning of June 25th.
 - To begin on June 25th at 1:00 p.m. and possibly carry over to June 26th.

Ballot Image Audit (State Mandated)

- June 26th at 9:00 a.m.

Remodeling of Newly Acquired Space:

- I met with LDD Blueline and LJA Engineering on Friday June 19, 2026 for the pre-bid meeting and there were about seven contractors at the meeting. A walkthrough of the facility was conducted and questions answered accordingly.
- Open bid is set for July 7th and a letter to the BOC from LJA Engineering will more than likely be sent the same week.

Recount: The Georgia Secretary of State's Office has received a recount request from Brandon Martin, candidate in the Republican PSC District 3 General Primary Contest in the General Primary Election that was held May 19, 2026. Given that the margin of the victory in that contest was less than one-half of one percent, a recount is being ordered.

Other Information:

- The EMS (Election Management System Server) quit working yesterday 6/22/2026. The state has made a visit and loaned one to us while they order one for us.
- We will continue as usual
- Next meeting date is set for July 14th, 2026 at 6:00 p.m. at our regular meeting location, 119 E. Solomon Street, Room 108.

Tammy Trace: Last day as an Office Assistant with us is June 30th, 2026.

Old Business: None
